

Damir, M.N. (Professor of Metrology and Quality Control)
 El-Khatib, A.H. (Professor of Machine Dynamics and Diagnostics)
 Gharraf, S.A. (Professor of Quality and Design)
 Elwany, M.H. (Professor of Industrial Engineering)
 Issa, S.S. (Professor of Industrial Engineering)
 El-Fayoumy, S.M. (Professor of Metrology and Quality Control)
 Khairy, A.B. (Professor of Non-Conventional Machining)
 El-Makky, M.Y. (Professor of Metal Cutting)
 El-Sayed, A.E. (Professor of Industrial Engineering)
 Rashed, O.A. (Professor of Metrology and Quality Control)
 El-Hofy, H.A. (Professor of Non-Conventional Machining)
 Nassef, G.A. (Professor of Materials Technology)

Associate Professors

Fors, M.N. Helaly, M.A.
 Younes, M.A. Abou-Ali, M.G

Assistant Professors

Moussad, S.A. Kershah, G.M.
 Abdalah, I.A. El-Labban, H.F.
 Rashed, A.A. Soliman, A.A.

Abstracts:

Authors are invited to submit three copies of the abstract (100 - 200 words). It should include the following information:

Main subject area and keywords

Name(s) of Author(s)

Affiliation(s)

Postal address and the corresponding author

Telephone, fax numbers and e-mail address.

Publication:

Papers presented at the conference will be included in the conference proceedings. Specifics on formats and paper length will be sent upon acceptance.

Instruction to Authors:

Papers and abstracts are accepted for review on the condition that the manuscript is original, has not previously been published or presented at a conference, and has not been submitted for presentation at another conference. A national and international advisory committee will referee all contributions. A detailed list of the advisory committee will be appended to the conference proceedings.

Key Dates:

Abstracts: 31 March 2000
 Preliminary acceptance: 30 April 2000
 Complete manuscript: 31 July 2000
 Final acceptance: 15 September 2000

Keynote Lectures:

Keynote speeches covering recent trends in Technology Transfer, Global Manufacturing, Environmental friendly industry and Green Technology.

Panel Discussions:

SME: Projects and development
 Sustainable development
 Environment cost-benefit trade-off

It will involve practitioners, officials, and scholars to exchange ideas on current challenges of Egyptian production for export and e-commerce, with special emphasis on creating new markets.

Workshops:

Leading international and national corporations are invited to participate and present the unrevealed developments in hardware and software.

Exhibition:

A comprehensive exhibit of related research and industrial equipment will take place during the conference. Prospective exhibitors, please inquire by using the enclosed registration form.

Pre-Conference training sessions:

One-day training parallel sessions in modern trends in manufacturing, material science, design, control, inspection and quality, and industrial engineering and management will be offered.

Social Program:

The social and spouse program includes tours to Alexandria, north coast, Bourg El-Arab industrial estate and El Alamine. The conference official touring agency can arrange tours to major tourism sites including Pyramids, Luxor, Aswan, Hurghada and Sinai. Since the conference will be held during the tourist peak season, early reservation is required.

Conference Venue:

The conference will be held in the Alexandria Conferences Hall. The modern elegant Alexandria Conferences Hall is next to the new Alexandria Library. The library will be open by the fourth quarter of year 2000. The new huge Alexandria Library project is supported with UNESCO, foreign governments, and international organizations to commemorate the old famed library. Alexandria library was the largest and most famous of ancient collections of scrolls. It contained more than 400,000 scrolls.

Alexandria is the second largest city and the main port of Egypt where about 40% of the Egyptian Industry are situated. It was built by the Greek architect Dinocrates (332 - 331 B.C.) on the site of an old fishing village (Rakotis) north-west to the Nile delta, by the order of Alexander the great king of Macedonia. The Ptolemies made Alexandria the capital of Egypt, the city flourished as a center of trade and culture. Arabs moved the capital of Egypt from Alexandria to Cairo in A.D. 642. Early in the 19th Century Under the rule of Mohamed Ali, Alexandria regained its importance as a port. The historic role of foreigners has given Alexandria a strong international flavor. In the last few years Alexandria has been and is still undergoing outstanding renovation projects.

Conference Fees:

The fees include the welcome reception, luncheons, break refreshments, circulated papers and reports, and the conference proceedings.

Authors: \$300.0 (LE500.0)

Non-authors: \$350.0 (LE600.0)

Institutions and Organizations (4 participants): LE2000.0

Hotel reservations may be made through contacting the conference secretary not later than Nov. 1st 2000.

Conference Inquiries:

*M. Hamdy Elwany, General Secretary
 Production Engineering Department,
